

NITESH KUMAVAT

Tech Entusiast

SUMMARY

I am a passionate and curious learner focused on becoming a skilled software developer.

I have experience with Python, MERN Stack, Java, OOP, and Data Structures.

I have participated in and won problem-solving and project-based competitions.

Currently, I am focusing on strengthening my Java, DSA, and software development skills.

SKILLS

- Object-Oriented Programming (OOP)
- Data Structures
- Database Management Systems (DBMS)
- Digital Logic / DLD
- Problem Solving
- Algorithmic Thinking

EDUCATION

2010 - 2023

The Saraswati Vidyalaya

Completed my 10th std with 91%

2023 - 2026

Thakur Polytechnic

Polytechnic / Diploma in Computer Engineering Completed with 94.76%

2026 - Present

Thakur College of Engineering

BE in Computer Engineering

PROGRAMMING

- Java – OOP, console-based applications, basic file handling
- Python – completed a 100 Days of Code course
- JavaScript
- HTML & CSS
- React.js
- MERN Stack – MongoDB, Express.js, React.js, Node.js
- SQL / DBMS
- Data Structures & Algorithms
- Git & GitHub

Projects & Practical Skills

- CollabSpace
- Task Manager
- StudyWithUs
- Medicine Management
- Image Watermarking App
- Break-Out Game

Achievements

- Winner – Problem-solving event (Codex)
- Winner – Major Project (Technofest)
